SUMMARY

Full Stack Software Engineer | React.js, Node.js, MongoDB

- Aspiring software developer/Full Stack developer with 3 production-level full-stack projects demonstrating expertise in frontend, backend, and database architecture
- Proficient in building scalable web applications with React.js, Node.js, Express.js, and MongoDB following MVC patterns and RESTful principles
- Experienced leveraging AI tools (ChatGPT, Claude AI, GitHub Copilot) for intelligent code optimization and rapid development practices

TECHNICAL SKILLS

Languages: JavaScript, Java, Python

Frontend: React.js, HTML5, CSS3, Responsive Web Design

Backend: Node.js, Express.js, RESTful APIs

Database: MongoDB, SQL

Tools: Git, GitHub, VS Code, Vercel, ChatGPT, Claude AI, GitHub

Concepts: OOP, MVC Architecture, CRUD Operations, Problem Solving, DSA Basics, Web Content Analysis, SEO Basics

PROJECTS

AI Weather Advisor | React.js, REST APIs, AI Integration

- Built an AI-integrated weather advisory web application using React.js and RESTful APIs.
- Utilized AI tools (ChatGPT, GitHub Copilot) for code optimization and intelligent recommendation logic
- Integrated real-time weather and AQI APIs for temperature, weather conditions, and air quality.
- Designed intelligent recommendation system based on weather conditions.

Healthcare Appointment System | React.js, Spring Boot, MongoDB | [GitHub](#)

- Developed a full-stack healthcare appointment system using React.js, Spring Boot, and MongoDB.
- Implemented patient registration, login authentication, and appointment booking functionality.
- Built doctor management module with CRUD operations and RESTful API integration.
- Followed MVC architecture and modular coding practices for scalability and maintainability.

Wanderlust Travel Website | Node.js, Express.js, MongoDB | [GitHub](#)

- Developed a full-stack travel listing web application inspired by Airbnb.
- Implemented authentication, listing management, CRUD operations, and RESTful APIs.
- Designed responsive UI and optimized backend/database performance for smooth user experience

EDUCATION

Bachelor of Technology (Computer Science & Engineering)

IIMT Engineering College, Meerut

Aug 2022 – Jun 2026

CGPA – 6.89

Higher Secondary Education

R.B.S Inter College, Bijnor Mar

2021– Apr 2022

Percentage: 80%

CERTIFICATIONS

- AI Fundamentals – IBM | YUVA AI – TCS| Project Management Fundamentals – IBM
- Full Stack Web Development – Apna College (Sigma 6.0)
- Experience using AI tools: ChatGPT, Claude AI, GitHub
